2. Typical Features

POWERPLUS 20W50 CF-4 is an all-season reliably used engine oil for cars and light commercial vehicles running on diesel fuels, produced with high quality mineral-based base oils and advanced performance additives. It is particularly suitable for passenger cars that operate under difficult conditions and often experience stop-and-go.

Properties

- Its superior fluidity at low temperatures allows for easier start-up.
- Excellent viscosity control ensures fuel economy and long service life
- It has high resistance to tearing due to its high viscosity index.
- Extends oil change intervals even when using high-sulphur fuel.
